

## WATER AND PEACE CONFERENCE

**“Promoting Security through Equitable Policy, Governance and Technology”  
Drexel University, Behrakis Hall – April 1, 2020**

### SPONSORSHIP OPPORTUNITIES

**Gold Sponsor – \$5,000**

**Silver Sponsor – \$3,000**

**Bronze Sponsor – \$1,000**

The Global Water Alliance (GWA) is committed to increasing global access to safe drinking water, sanitation and hygiene (WASH) services. We do this by harnessing our unique strengths in project expertise, volunteering actions, collaboration and mentorship to achieve key actions in education and field work.

This year, GWA is partnering with Drexel University’s Peace Engineering Department and the Water Center at Penn to host the Water and Peace Conference, which will bring together more than 150 participants to raise awareness and incubate innovative insights to critical water issues.

Focus areas of the Conference include:

- *Explore case studies in which policy, governance and technology mitigate water conflict and promote peace*
- *Develop a modern “toolkit” for water management towards peace and equity for all*
- *Prepare for involvement in the 2021 World Water Forum in Senegal*

At the Conference, we will announce the recipient of the Arun Deb Promise of Excellence Award. This award, honoring a GWA Board member who has completed numerous projects in India, is meant to inspire students, young professionals, and early-career faculty to work on WASH programs.

The Conference will begin at 8:30am, conclude at 4:30pm, and be followed by a reception at the Fairmount Water Works Education Center.

***We encourage you to become a sponsor for this event.***

***Sponsors will be recognized at the Conference and in its proceedings and will receive additional GWA benefits as well.***
